Dear Mr. Weisberg:

Thank you for your letter of 11-15 concerning your earlier correspondence about Penn Jones.

I've deleted from my manuscript the excerpt from your letter of 1974 regarding Penn's paranoia. The first sentence of your brief paragraph on Ted Kennedy has been retained, as per your request, with the date given in the text vice in footnote form.

I appreciate your patience in this and your permission to use the Whitewash motto and the portion of the quote on Ted Kennedy that I have retained.

My book should be out in paperback very shortly. The book will be badly dated relative to the ongoing investigations, but it will be worthwhile nonetheless, I think. I'll see that you get a copy.

Thanks again, and best wishes to you in your continuing efforts. I very much admire your tenacity in this.

Sincerely,

Harry Nash
